Creating a spirit of community, reflecting diversity in programs across Southern Alberta.

Enriching and honoring **cultural** perspectives in educator practice.

Enhancing **connections** in the practice of relationships with children and families.

This resource supports the Early Learning Child Care Licensing Act Principals C: Engagement of parents, guardians and community members in the provision of childcare supports the child's optimal development.

Alberta's Early Learning Curriculum Framework (2014) tells us that "it is the quality of the relationships between educators, children, and families that characterizes the early childhood community experience for families and remains in their memories and the memories of their children" (Makovichuk, L., et al, p.50).

By further strengthening our understanding of children's home culture we can deepen our relationships and our early learning communities. Thank you for using this tool to further enhance the connection and relationship that you have with families!
